## Follow these steps to register

**1** Go to LincolnFinancial.com and select **Log In/Register** in the upper right-hand corner

- Select **Industry Professional**
- Choose **I Sell Lincoln Products**
- Enter personal ID information and Lincoln-specific contact information

**2** Log in using your new information and set up your security profile by selecting your personalized security image and three security questions.

**3** Register a telephone number to enroll in mandatory two-factor authentication. We'll send a confirmation code to your phone via your chosen method — either a text message or a phone call.

During your next login, Lincoln will send a five-digit code to your phone via your preferred method. Enter the code into the website to complete your login.

You have the option to select “Remember this device.” If you click this button, you won't be prompted for two-factor authentication on that device for 120 days.

Below the heading, there is a section titled 'Identity Verification' with the instruction: 'For online access to your Lincoln account, fill in all of the fields below to help us identify you.' The fields include: Date of Birth (MM/DD/YYYY), Social Security Number, Primary Residence ZIP Code, and Identity Verification Number. Below these fields, there is a 'Word Verification' section with a security image showing the letters 'WECZ' and a prompt to 'Type the moving characters'.
